## AMENDED STANDING ORDER NUMBER 2

### IN RE: CASE ASSIGNMENT

Effective January 1, 2026, the Clerks of the Superior Court of the Coweta Judicial Circuit, when assigning cases, shall adhere to the following parameters, rules, and procedures:

#### 1. CIVIL CASES

Civil cases shall be assigned when they are filed with the Clerk of Court. In assigning civil cases, the Clerks shall utilize the random assignment functionality that is a part of their respective case management software programs. It is the intention of this order that case types of civil cases as identified in the *Georgia Caseload Reporting Guide: CY 2024* be distributed among the judges in the percentages outlined in this order in as detailed a fashion as can be accomplished by their respective case management software programs without resort to custom programming.

#### 2. CRIMINAL CASES

Criminal cases shall be assigned when the warrant is filed with the Clerk of Superior Court. It is the intention of this order that the Clerk of Superior Court receive criminal warrants for filing as soon as is reasonably practicable. The Clerks shall randomly assign criminal cases by utilizing the random assignment functionality that is a part of their respective case management software programs or by implementing

a random manual assignment system of their choosing subject to the approval of a majority of the judges of the circuit. It is the intention of this Order that criminal cases be distributed among the judges in the percentages outlined in this order so that each judge receives his or her proportionate share of serious felony cases and each judge receives his or her proportionate share of felony cases that are not serious felonies. "Serious felony" cases are those cases listed in the Georgia Caseload Reporting Guide: CY 2024. Uniform Appeal cases shall be assigned as hereafter set forth. In any situation wherein a defendant is accused of a misdemeanor and there is no related felony case, the misdemeanor case shall be treated the same as a nonserious felony case for purposes of the assignment. Warrants shall be assigned from the lowest warrant number. However, when a Clerk receives multiple warrants on the same defendant, and those warrants charge both serious and non-serious felony offenses, the Clerk shall assign the warrants on that defendant based upon the lowest serious felony warrant number (i.e. the lowest serious felony warrant on a defendant shall take precedence over a lower non-serious felony warrant on the same defendant).

After such conference, the Chief Judge shall assign the case regardless of any prior assignment made by the Clerk.

### **5. COMPANION AND RELATED ACTIONS**

It is the responsibility of the Clerk of Court to ensure that companion and related cases are assigned to the same Judge in accordance with Uniform Superior

Court Rule 3.2. The random assignment system employed by the Clerks shall apply to the earliest case filed. Thereafter, all actions involving substantially the same parties, or substantially the same subject matter, or substantially the same factual issues, whether pending simultaneously or not, shall be assigned to the same judge. Whenever such action is re-filed, or a derivative or companion action is filed or re-filed, or a defendant is reindicted on a previous charge, or is indicted on a subsequent charge while still under charges or serving a confinement or probated sentence on a previous action, or co-defendants are indicted separately, such actions shall be assigned to the judge to whom the original action was or is assigned. Generally, such actions will be assigned to the judge to whom the action with the lower action number is assigned. If it comes to the attention of the Clerk, or any party or attorney involved in a case that any case is related to another case assigned to a different Judge, that fact shall be made known to the Judges affected who shall confer to determine whether a transfer pursuant to Uniform Superior Court Rule 3.3 is appropriate.

#### **6. MANUAL ASSIGNMENT**

Should any Clerk decide to assign cases manually, the random method of assignment chosen shall be reduced to writing and submitted to the Judges of the Superior Court for approval.

#### **7. EXCLUSIVE CONTROL – BALANCING CASELOAD**

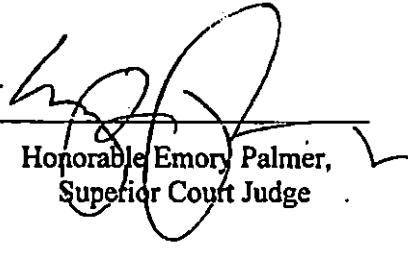

The Clerks shall run case assignment reports every six months to determine whether their random assignment systems have fairly distributed the cases in accordance with the current Case Assignment Order. Such reports shall be sent to each Judge in the circuit by January 15<sup>th</sup> and July 15<sup>th</sup> of each year. The judges of the circuit shall meet to discuss the assignment reports and, utilizing Uniform Superior Court Rule 3.3, transfer cases between and among themselves to balance the caseload

should it be determined to be out of balance. At any time that any Judge in the circuit believes that he or she is receiving a disproportionate share of the assigned cases, he or she may request a meeting in which the Judges of the circuit shall determine whether any case needs to be transferred in order to fairly balance the caseload.
